

Bruce lives on Clearwater Lake, with his wife, Audrey of 37 years. They have 2 adult children who are both married with a total of 6 grandchildren and 1 on the way.

Bruce graduated High School in 1977. After leaving Clearbrook, he spent some time in Aviation, working short stints as an aircraft mechanic and crop dusting. He met his wife at Oak Hills Bible College when he had this dream of being a missionary pilot. He and Audrey did some church planting work in Canada, but returned to Oak Hills when he started working for Mesaba/Northwest Airlines. They moved back to Clearbrook and for 16 years, Bruce was the airline station manager in Bemidji. This position introduced him to the corporate world, taught him much about working with people and more importantly God used that time in his life to transform him for what He had planned next.

In 2006 Audrey was working as a Personal Care Assistant. Her client encouraged Bruce to start a home care company. After praying, dedicating it to the Lord and with the help of a lot of God-sent people and the grace of God, we started Home at Heart Care. Little did I know that God had plans to turn a small vision into a home care agency that has served thousands of elderly and disabled clients in Northwest Minnesota.

In March Bruce was asked to join Clear Waters Life Center part-time as an Operations Leader. Simply put, it is a position created to primarily assist the program and business managers in establishing operating plans and goals and working with them to achieve those goals.
